

Download 2005 Nissan Altima Manual Transmission Fluid Change

The average cost for a Nissan Altima manual transmission fluid change is between \$67 and \$117. Labor costs are estimated between \$35 and \$45 while parts are priced between \$32 and \$72. The 2005 Nissan Maxima requires a drain and fill process for changing the transmission fluid. Nissan also requires a special type of automatic transmission. The transmission fluid circulates through the transmission and keeps the gears, bearings and seals lubricated. It also keeps the moving parts from burning up and locking up from heat friction.
