

Download Attention Deficit Disorder Workable Solutions

School requires hard work in order to be successful. However, for some students, even hard work may not be enough. Some students are faced with additional challenges in the classroom due to learning disabilities. ADD – While the FAA does not routinely evaluate the behavioral health of pilots, they do require applicants to voluntarily report all mental issues since birth. Despite widespread miss-interpretation by many pilot associations, the present FAA policy effectively prohibits the use of most psychotropic/mood ameliorating medications. Donna Maso, LCSW Counselor Sun City Center offering individual, couples, family, group counseling. Day, Evening , Weekend appts. to fit your schedule. Accept most ...Success Stories .
