Dresser Series 5000 Texsteam Pump. Texsteam Series 5000 chemical injection pumps are positive displacement units powered by an integral gas/air motor. These pumps fill the requirements of a broad range of applications because of their ability to achieve high discharge pressures (up to 12,000 psig) and wide volume ranges. Wayne 5000 series Compressor (1960's vintage) This compressor came out of an old Firestone shop many years ago and was driven by a 7-1/2HP 3 phase motor installed on an 80 gallon vertical tank. Since my neighbor did not have 3 phase power, he installed a cheapy single stage Craftsman compressor and 3HP 3450 RPM motor. Get user or pdf manual for your Dell Inspiron 5000.
