

Download Equivalent To Honda Manual Transmission Fluid

Valvoline Synchronesh Manual Transmission Fluid • High performance manual Transmission lubricant designed to meet the extreme demands of passenger car manual Transmission gearbox applications • Enhanced performance in both low and high temperature operating conditions • Excellent wear protection under high loads and extreme pressure I asked Honda dealer, and they are using for all Honda gearboxes, the "Mobil fluid 424" My thinking : What I understand, the Manual Transmission Fluid from Honda is a 10w30 or 10w40 engine oil + GOOD additives to protect the gearboxes. My question is can I use a full synthetic motorcycle oil as MOTUL or CASTROL in 10w30 or 10w40 on my Honda S2000...If the level is below the lower mark, add fluid into the tube to bring it to the upper mark. Use Honda Premium Formula Auto- matic Transmission Fluid or an equivalent DEXRON® II Auto- matic Transmission Fluid (ATF) only. 6. Insert the dipstick all the way back in the transmission.
