

Download International And Transnational Criminal Law

International Criminal Law . In the past two decades, few legal subjects have grown in importance more rapidly or dramatically than international criminal law, which we define as crimes proscribed by international law, whether or not they are also criminalized in states' domestic laws, and which are often prosecuted in international or hybrid international-national tribunals. Similarly ...Introductory chapters on the nature of international criminal law, transnational jurisdiction, and the basics of public international law make the book accessible to students with no prior background. New to the 3rd Edition: Recent developments in the international tribunals, including the Habré trial in the African Extraordinary ChamberAmazon.com: international and transnational criminal law.
