

Download Progress Note Vascular Surgery

The Society for Vascular Surgery Lower Extremity Threatened Limb Classification System: Risk stratification based on Wound, Ischemia, and foot Infection (WIFI)?ALL diplomates, regardless of certificate expiration date, are required to meet the other requirements of the Continuous Certification Program, including CME, professionalism requirements, and participation in a registry or quality assessment program.

AUBURN, AL – “This is absolute horsesh*t,” said family medicine attending Renata Bellows, as she read over her intern’s progress note.. “This is terrible. So terrible.” She shook her head over and over again as she penned her addendum: “I saw and examined the patient with the intern but I absolutely DO NOT agree with the plan as documented above.”

The American College of Surgeons (ACS) General Surgery Coding and Reimbursement Committee (GSCRC) frequently receives questions regarding appropriate coding for “damage-control laparotomy” or “damage-control surgery.”
