

# Download Sample Chart Of Accounts Construction Company

CHART OF ACCOUNTS. A contractor's chart of accounts is the heart of the accounting system. Of particular importance is the cost of sales section (beginning in the 41000 series and ending in 43000). This is the area that distinguishes the contractor from most other industries and causes the most confusion for the bookkeeper. Even though it may appear overwhelming there are plenty of resources accessible to locate sample reports particularly at your local university or through the world wide web. Furthermore, you need to consist of all the crucial conclusions here. ... chart of accounts construction company.construction-chart-of-accounts-sample\_157101.png. Sample Contractor Chart of Accounts Account List (Modify the Equity accts if LLC or Sole Prop) Account Type Business checking Account Bank Out of Pocket expenses Bank Accounts Receivable Accounts Receivable Inventory Asset Other Current Asset Retainage Receivable (Customer) Other Current Asset This same principle applies to using having a great Chart of Accounts for your business.
