Despite our advances in technology and education, we still live in a world permeated by violence. This introductory textbook in the field of peace psychology addresses the psychological causes of violence and nonviolenceThe Psychology of Peace: An Introduction, 2nd Edition by Rachel M. MacNair (2011-11-08) on Amazon.com. *FREE* shipping on qualifying offers. Excellent BookThe Psychology of Peace book. Read reviews from world's largest community for readers. Just as health providers study disease and its prevention, underst...The Psychology of Peace An Introduction, 2nd Edition. by Rachel M. MacNair . Achieving a peaceful world is a goal that has so far eluded humanity. As much as factors such as socioeconomic differences, racism, and deep-seated contention between religious or ethnic groups spark conflict, it is the human tendency towards violent behavior that needs to be addressed.
